Code

```
<div data-sly-resource="${'header' @
resourceType='core/wcm/components/navigation/v2/navigation'}"></div>
```

Menu Setup (use clientlibs styles):

```
.header-nav {
  display: flex;
  justify-content: space-around;
  font-weight: bold;
}
```

Footer

```
<!-- About Me -->
<p>Hi, I'm a journalist passionate about telling impactful stories.</p>

<!-- Contact Me -->
<p>Email: journalist@example.com<br>Phone: 123-456-7890</p>
```

```
<sly data-sly-use.list="core.wcm.components.models.List">
  <ul>
    <li data-sly-repeat="${list.items}">
      <a href="${item.URL}" target="_blank">${item.title}</a>
    </li>
  </ul>
</sly>
```

```
<ul>
  <li><a href="https://twitter.com/journalist" target="_blank">Twitter</a></li>
  <li><a href="https://linkedin.com/in/journalist" target="_blank">LinkedIn</a></li>
</ul>
```

Home Page Teaser Component

```
<coreTeaser
  jcr:title="Award of the Year"
  jcr:description="Received National Journalism Excellence Award"
  fileReference="/content/dam/awards/award.jpg"
  linkURL="/content/news/award-article"
```

/>

newsroom.html:

```html
<div data-sly-use.model="com.myproject.core.models.NewsroomModel">
